# 10 Rules for online safety

1. I will not give out personal information such as my address, telephone number, parent's work address/telephone number, or the name and location of my school without my parents'/guardians permission.

2. I will tell my parents/guardians right away if I come across any information that makes me feel uncomfortable.

3. I will never send a person my picture or anything else without first checking it with my parents/guardians.

4. I will not respond to any messages that are mean or in anyway make me feel uncomfortable.  It is not my fault if I get a message like that.  If I do I will tell my parents/guardians right away.

5. I will talk with my parents/guardians so that we can set up rules for going on-line.  We will decide upon the time of day that I can be on-line, the length of time I can be on-line and appropriate areas for me to visit.  I will not access other areas or break these rules without their permission.

6. I will not give out my internet password to anyone (even my best friends) other than my parents/guardians.

7. I will check with my parents/guardians before downloading or installing software or doing anything that could possibly hurt our computer or jeopardize my family's privacy.

8. I will be a good citizen and not do anything that hurts other people or is against the law.

9. I will help my parents understand how to have fun and learn things on-line and teach them things about the internet, computers and other technology.

10. If I am worried about anything I will talk to an adult.
